## Loan Interest Rate & Fees

Your **starting interest rate** will be between 4.75% and 9.75%. After the starting rate is set, your rate will then vary with the market.

### Your Starting Interest Rate (upon approval)

The starting interest rate you pay will be determined after you apply. It will be based upon your credit history and other factors (Cosigner credit, school type, etc). If approved, we will notify you of the rate you qualify for within the stated range.

### Your Interest Rate during the life of the loan

Your interest rate is variable. This means that your actual rate varies with the market and could be lower or higher than the rate on this form. The variable rate is based upon the Prime Rate (as published in the Wall Street Journal). For more information on this rate, see the reference notes.

Although the rate will vary, it will **never exceed 15.00%**.

## Loan Fees

- **Late Charge**: 5% of the amount of the past due payment or $10.00, whichever is greater.
- **Returned Check Charge**: $15.00

**About this example**

The defer payment example assumes that you remain in school for 4 years and have a 6 month grace period before beginning repayment. It is based on the **highest starting rate currently charged** and associated fees. Repayment will last 12 years, once the initial principal payment is made. You are not required to make any payments on your loan while you are in school, although you may make payments of interest or principal and interest at any time while you are in school. Interest will be charged and added to your loan. Interest-only payments require a minimum monthly payment of $30. Immediate Repayment Plan requires a minimum monthly payment of $50.00.
